

DAM COST TO BE HEARD FEB. 10

Final Review of Cost of Elephant Butte Project Arranged by the Board.

Final hearing of the testimony of the local cost review board which reported on the Elephant Butte irrigation project after extended sessions here last July, will be held by the general cost review board of the United States reclamation service, at a special session in Denver, Colo., on February 10, in all probability, according to J. D. O'Donnell, supervisor of irrigation of the reclamation service. En route to Tucson, Ariz., to attend an annual conference on maintenance and operation of four important reclamation projects in the southern part of that state, Mr. O'Donnell was a visitor in El Paso Wednesday afternoon, leaving for the west last night.

Makeup of Board.
At the present time the general cost review board, consisting of Mr. O'Donnell, as supervisor of irrigation, Dr. Elwood Mead, chairman, and Gen. William Marshall, consulting engineer to the secretary of the interior, is considering testimony of all local cost review boards on the different reclamation projects of the country. From Tucson, Mr. O'Donnell will return to El Paso, with the intention of making a trip to the Elephant Butte project before going to Denver, where a special session will be held on February 10.

MRS. OLDS IS TRIED ON CHARGE OF KILLING HUSBAND

Tombstone, Ariz., Jan. 12.—Mrs. Wm. Olds is being tried in the superior court here on a charge of having killed her husband, William Olds, former peace officer and an officer of the Arizona Rangers when that body was in existence. She had consistently claimed Olds accidentally killed himself.

Dr. Postal of Pease, who was called before Olds died, said Olds was asked if the shooting was accidental and that Olds replied: "No." He said Olds was shot under the left shoulder blade.

HILL FIRED; "WAS INSANE"

Jury Finds Blind Man "Not Guilty;" Hill Says Was Shooting at Mexican.

J. Harry Hill was acquitted by jury Thursday morning in the 24th district court on the charge of having killed his wife, Mrs. Bertie Hill, on September 19, 1914, at 708 Myrtle avenue. We find from the evidence," the verdict reads, "that J. H. Hill did kill Bertie Hill, and we further find that he was temporarily insane and, therefore, not responsible for his act; therefore, we render a verdict for his acquittal."

Verdict at 9:20 a. m.
Hill received the verdict with the same detachment which characterized his acts throughout the proceedings of the trial. He was brought over from the court at 9:15 o'clock and the jury filed in at 9:20. The verdict was signed by J. B. Cass, the foreman. During the interval which passed between his arrival in the room and the advent of the jury he sat in a chair apart from all others in the courtroom, phlegmatically chewing tobacco and tugging at his grey mustache. M. W. Stanton, his attorney, came and sat beside him. No one shook his hand; none of the friends that had accompanied him to and from the court during the trial were on hand.

"I am now free," was his only remark. Then he added: "I repeat that I do not know anything after the door slammed in my face that day. From the testimony of the witnesses I am certain five shots were fired while my gun only shows that three were fired. My wife was either killed while I was shooting at the man Prieta or while Prieta was shooting at me. It is only supposition, for as I said repeatedly, I know nothing of what occurred."

"I shall leave within the next several days for the home of my father, A. Hill, at Winkum, Texas. I have a married daughter, in town, but she has never been near me since the tragedy. I also have my girl, Ella May, at Marshall, who is with her grandparents. They have never permitted her to see or talk to me since the shooting occurred."

GOES TO CONVENTION.
Hope Smith, of the Magnolia Bottling works, is leaving today for Atlanta, Ga., to attend a general meeting of all Coca-Cola agents in the country. He will stop over in Houston, Beaumont and other places en route.

Brixton, Eng., policemen carry red lights on their backs when regulating traffic at night.

DEFENSE RAIL HONORS WINGO

El Paso Banker Is Named as Member of the National Committee.

Tullius M. Wingo, first vice president of the El Paso Valley bank, has been selected as a member of the national committee of the American defense society to aid in aggressive propaganda, various plates with the idea of creating year instruction camps.

Shot at Winkum.
The defense society is absolutely unbiased politically and its advisory board consists of such well known Americans as Charles J. Bonaparte, well known in Washington affairs; James J. Hill, the railway magnate; Theodore Roosevelt, former president; Truman H. Newberry, a well known New York capitalist; David James Hill, prominent as an author, educator and diplomat; Henry B. Joy and William F. McComb.

The election of Mr. Wingo to the national committee was made at New York on Wednesday and a telegram notifying Mr. Wingo of his selection was received by him on Thursday morning.

AT CENTRAL POINTS.
at central points, such as were conducted by the business men of New York last fall under the auspices of the war department. The object of these camps is to give a rudimentary military training and it is also proposed to take up the matter of military training in the schools so that an adequate citizen soldiery for defense purposes will be gradually developed.

THE AMERICAN DEFENSE SOCIETY is absolutely unbiased politically and its advisory board consists of such well known Americans as Charles J. Bonaparte, well known in Washington affairs; James J. Hill, the railway magnate; Theodore Roosevelt, former president; Truman H. Newberry, a well known New York capitalist; David James Hill, prominent as an author, educator and diplomat; Henry B. Joy and William F. McComb.

The election of Mr. Wingo to the national committee was made at New York on Wednesday and a telegram notifying Mr. Wingo of his selection was received by him on Thursday morning.

ALAMO AND BEALL SCHOOLS DROP GARY

Alamo and Beall schools officially returned to the part time system of class work through an action of the school board Wednesday evening, while Lamar school, which at special investigation gave thumbs down to the Gary system of education, will retain some of the special feature work but adopt the part time system in the first three grades.

The action of the board grew out of a recent inquiry into the efficiency of the Gary system and the principals of the Alamo, Beall and Lamar schools reported adversely. Their criticism of the Gary system was not the theory but the fact that the three schools did not have the equipment nor the playgrounds to make that theory effective.

Eleven new teachers applied for work in the schools and their names were read to the board of education. No action will be taken upon their application, said superintendent R. J. Tighe, until he finds if the teachers are available and prepared to perform the work required of them.

The meeting was held at the Bailey school and was presided over by E. M. Whitaker, president. Those present were Charles B. Stevens, Robert L. Holliday, Dr. J. A. Pickett, S. J. Freudenenthal, R. J. Tighe, and F. M. Sawyer.

CALIFORNIA FRUIT GROWERS ENTERTAINED BY PRODUCE MEN
Two carloads of California fruit growers arrived in El Paso this morning. They were met at the union station by representatives of the chamber of commerce and members of the El Paso Merchandise Brokers' association. Automobiles carried the visitors to Juarez, Fort Bliss and other points of interest about the city. The special train carrying the party left the city at 1 o'clock this morning.

Two of the leading members of the party were A. O. Kohnhorst, secretary and manager of the United Marketing company, and H. S. Hatzel, secretary of the California Vegetable union, both of Los Angeles. They are both popular friends of the El Paso Chamber of Commerce and were shown over the city by Mr. Kapley.

"An idea," he cried, as he thoughtfully picked the splinters out of him. "I'll found the world's first toothpick factory."

Which he did, the following Thursday, and the famous house of Tootie Brothers is turning them out to this day.

CENSUS TAKING ABOUT TO BEGIN

Enumeration Starts Saturday, Following Selection of 30 Enumerators.

Emmons K. Ellsworth, assistant census supervisor, who arrived Wednesday night for the purpose of taking a special census of El Paso, has opened a temporary office in the chamber of commerce for the purpose of receiving applications for census enumerators. More than 70 applicants met with him but only 30 enumerators will be selected by Mr. Ellsworth. The selections will be made Friday morning at 10 o'clock by Mr. Ellsworth and Mrs. Edna R. Garfield, his secretary.

Enumerators Must Know City.
The greatest care will be exercised in the matter of choosing the enumerators with a view toward selecting only those who know the city thoroughly and understand conditions in El Paso. It is not the intention of Mr. Ellsworth to enumerate those who are only temporary citizens of El Paso and for this reason enumerators who know the city thoroughly will be necessary.

Census Taking Begins Saturday.
The enumeration will commence Saturday morning. Names will be classified according to race, color, nationality and age. Several applicants who speak Spanish will be chosen for the work of compilation in the southern and far eastern sections of the city. Two weeks will perhaps be necessary to complete the enumeration.

Several Women Enumerators.
Of the 70 applicants for positions several were women. It is likely that some of these will be selected. 95-roughbeginners shdrl mfty-tat

THE COURTS

41ST DISTRICT COURT.
P. R. Price, Presiding.
A. G. Farris and Francis J. Farris vs. Texas Bank and Trust company et al., suit for recovery of note and interest; filed.
Mrs. G. C. Hawkins vs. S. D. Ambrose, garnishment after judgment; filed.
Mrs. G. C. Hawkins vs. Texas Bank and Trust company, garnishment after judgment; filed.

50TH DISTRICT COURT.
Edward Caldwell, Presiding.
L. B. McMillan vs. Western Union Telegraph company, suit for personal damages \$1500; filed.

3419—Harper vs. Jenkins.
3420—Ravel vs. Linder.
3421—Ravel vs. Bromberg.
3422—Spencer vs. Welsbun.

EXERCISE AND GRECIAN BEAUTY

WHAT IT MEANS.

Many thousands of women are now paying attention to physical culture and the proper exercise of their body muscles, where, thirty years ago or forty years ago there was no thought expended on this science, which is quite necessary to physical beauty. The reason the Greeks, both men and women, excelled in beautiful and symmetrical forms was because of the attention they paid to the proper exercise. Then, too, they were untrammelled by corsets, shoes and the inconveniences of clothing. To the minds of some women the idea of physical exercise conveys only the idea of hard fatiguing work. Mild exercise continued day after day is best for the body and spirits and health. Without proper exercise there can be no health, and without health there can be no real beauty.

There is no stronger proof of the sound remedial value of Dr. Pierce's Favorite Prescription than that it restores the wasted form to its wonted roundness.

The mighty restorative power of Dr. Pierce's Favorite Prescription speedily cures all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at last, and brings back health and strength to nervous, irritable and exhausted women.

It is a wonderful prescription prepared only from Nature's roots with glycerine, with no alcohol to falsely stimulate. It banishes pain, headache, backache, low spirits, hot flashes, dragging-down sensations, worry and sleeplessness surely and without loss of time. Sick women are invited to consult Dr. Pierce, by letter, free. Address: Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.

DR. COOK SAYS CHURCH MUST BE KEPT OPEN IF VANDALISM IS NOT COMMITTED

Dr. Cook Says Church Must Be Kept Open If Vandalism Is Not Committed.

"Must a man be a churchman to be a Christian?" was asked of Dr. Philip Cook at the Wednesday night service of the mission being conducted this week at the Church of St. Clement. Dr. Cook answered by asking another question, "Must a man be in the army to be a soldier? Must a man be a member of a lodge to be a Mason?"

"A Christian is a follower of Christ. How can a man be this and yet be disobedient to all of Christ's commands?" he said.

Dr. Cook's sermon Wednesday evening was from the text, "Except a man be born of water and of the spirit he cannot enter the kingdom of God." Dr. Cook said:

"We need to disabuse our minds of an all too common misconception of Christ to ask ourselves, 'What is it to be born of the spirit?' In answer to the question, 'Should a church be kept open all the time for prayer and meditation?' Dr. Cook said that it should, but that in certain neighborhoods it was not always possible.

The Church of St. Clement is open daily, but because of certain acts of vandalism, entrance to the church is restricted to the side door, which can be conveniently guarded," he said.

The mission will conclude Sunday night. The services are being held three times a day, with the communion service in the morning, an afternoon service at 4 o'clock and the nightly service at 7:30 o'clock. Dr. Cook will be tendered an informal reception in the parish house by the woman's guild of the church on Saturday night at 8 o'clock.

"Thrifty Alexander"

shows more resourcefulness
No. 19 of a Series

In college halls, his work begun.
With body strong and able.
He earns his meals and calls it fun.
By waiting on the table.

The youth who gets fun out of his work as well as his play is indeed fortunate. Life's burdens will rest easily on his shoulders. You have observed, have you not, that it was Alexander's ability to save that made his college course possible? Anyone who can save consistently has, you may be sure, the knack of earning his way through the tight places.

EL PASO, TEXAS

A KIDNEY REMEDY THAT NEVER FAILS

Experienced Druggists in Every State Recommend and Use Swamp-Root in Their Own Families.

Dr. Kilmer's Swamp-Root tells well with us because it invariably produces good results in Kidney, Liver and Bladder troubles. We sold a dollar bottle to one of the inmates of our Soldiers' Home near here, and after using it he brought in about one dozen gravel stones some as large as a pea, which he had passed. He states that he obtained wonderful relief from the use of Swamp-Root.

ERNEST A. BROWN.
Lafayette, Ind.
Personally appeared before me this 28th day of July, 1915, Ernest A. Brown, of the Brown Drug Co., who subscribed the above statement and made oath that the same is true in substance and in fact.

DAVID BRYAN, Notary Public.
November 12th, 1915.

Prove What Swamp-Root Will Do For You

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y. for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information telling about the kidneys and bladder. When writing, be sure and mention the El Paso Daily Herald. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.—Adv.

FOR BRONCHITIS, PAINFUL COUGH, WHOOPIING COUGH AND COLDS

Cheapest Remedy Made at Home—128 Teaspoonsful for 50 Cents.

When in need of a remedy for the treatment of Bronchial Affections, such as Bronchitis, Whooping Cough, Croup, Stomach Coughs, Colds or Hoarseness, don't simply ask the druggist for a "Cough Medicine," but get the best. Tell him to give you Schiffmann's New Concentrated Expectant, instead of being induced into buying something else purely on the strength of some testimonials or the exaggerated claims of the manufacturer. The same "Cough Back" guarantees ease with every bottle of this remedy sold by Kelly & Pollard, as does with Dr. Schiffmann's famous Asthma and your money will be refunded if it does not give perfect satisfaction; in fact even more, if it is not found the best remedy ever used for these affections. In buying this new remedy, besides securing the guarantee these druggists give, it will likewise be found the most economical in use, for the reason that one bottle (30 cents' worth) makes a full pint (128 teaspoonsful) of the most excellent cough medicine, after being mixed at home with one pint of granulated sugar and one-half pint of water. One bottle will probably, therefore, be sufficient for a whole family's supply the entire winter, while the same quantity of the old, ordinary ready-made kind of medicine would cost between \$1 and \$2. It is prepared from strictly harmless plants, contains absolutely no chloroform, opium, morphine or any other narcotic or injurious drugs as do most cough remedies, and it can therefore be given to children with perfect safety. It is pleasant to take and children are fond of it. Absolutely no risk whatever is run in buying this remedy under the above positive guarantee. R. J. Schiffmann, Prop., St. Paul, Minn.

DRINK HABIT

RELIABLE HOME TREATMENT.

We are in earnest when we ask you to give ORRINE a trial. You have nothing to risk and everything to gain, for your money will be returned if after a trial you fail to get results from ORRINE. This offer gives the wives and mothers of those who drink to excess an opportunity to try the ORRINE treatment. It is a very simple treatment, can be given in the home without publicity or loss of time from business. Can be given secretly without patient's knowledge.

ORRINE is prepared in two forms: No. 1, secret treatment, a powder; ORRINE No. 2, in pill form, for those who desire to take voluntary treatment. Costs only \$1.00 a box. Ask for booklet. Kelly & Pollard.—Advertisement.

The High Spots

Canals of Mars have changed color. Undoubtedly some Martian astronomer is now wondering why the canals of Flanders run so red.

Life's mysteries: Cuckoochatters.

REWARD.
A reward of a free trip across Juarez bridge will be given to any person who will produce evidence to show that there is anything in the world darker than the lights in the suburbs early in the morning.

Has anyone ever heard a New Yorker use the word "yes"? On the telephone you hear: "Yeh, yeh, yeh, yeh, yeh, yeh. But never yes."

Famous alibi: "The submarine was Turkish."

Man arrested said he made bombs for social purposes. We can readily understand that a guest known to have one in his pocket would be the life of the party.

Chicago paper, which sentimentally prints a line or so of unrelated poetry after each editorial, quotes: "What's the matter—step on a banana peel?"

The weather may change, but the quality of our coal ever remains the same. R. C. Semple, successor to Southwestern Fuel Co., Phone 331.—Adv.

"Coffee Don't Hurt Me"

Can he get away with it?

The drug, caffeine, in coffee, about 21-2 grains to the average cup, hurts many coffee drinkers, at some time of life, and often hurts them hard.

Caffeine is a powerful irritant that unsteadies the nerves, races the heart, disorganizes the digestive organs and plays havoc with the health of a large proportion of coffee users.

Of course, there are some who go on drinking coffee for years, without apparent harm, at least they don't suspect it, until the cumulative drug, caffeine, has got in its work. Isn't it the best plan to play safe with health—quit coffee and use

INSTANT POSTUM

This pure food-drink made of wheat and a small portion of molasses tastes much like mild, high-grade Java coffee, yet contains no drug or other harmful element.

Postum comes in two forms: the original Postum Cereal, must be well-boiled, 15c and 25c packages; Instant Postum, the soluble form, can be made in the cup, at table, by adding hot water, 30c and 50c tins. Both kinds are equally delicious and the cost per cup is about the same.

The better health that follows quitting coffee has shown thousands

"There's a Reason" for POSTUM

The Daily Nouve'tte BINKMAN'S BRAINS.

Listen my children,
Drawn your shoes,
Button your shoes.
And show no fear.

IN April, 1914, Binkman Tootie, head packer at the Minute Men's Powder works, about 450 miles from Philadelphia, was packing a 20-pound box of gunpowder, each grain stamped with the famous firm's initials. "Goodness, it's a cold day for April," muttered young Binkman as he heaped the colonial perspiration from his high brow.

Absently he struck a match on his trousers and dropped it in the box of powder. The match went out, and young Binkman absently struck another and dropped that in.

There was a terrific report, the box was blown in a million splinters, and Tootie was hurled through the roof and landed on the weather vane.

"An idea," he cried, as he thoughtfully picked the splinters out of him. "I'll found the world's first toothpick factory."

Which he did, the following Thursday, and the famous house of Tootie Brothers is turning them out to this day.
